Friends of CSB Ministries:

For more than 70 years now, Christian Service Brigade has existed to help boys and young men discover life in Christ and be mentored in their Christian walk by godly men.

Countless pastors, missionaries and other leaders in the church and community point back to their time in CSB as one of the most foundational and formative experiences in their journey to leadership.

We give thanks to God for the part He has allowed us to play in partnering with churches across North America in raising up generations of godly young men. In fact, over and over again we hear: "there's no one else offering to the church what you offer;" and "you guys are doing an essential ministry, and doing it right!"

BUT...

We believe we can do better! We're so excited about the direction we believe God is leading us in an effort to significantly improve the quality, flexibility, relevance and overall effectiveness of our programs and materials. And true to our calling as a parachurch ministry, we want to partner with you in making a good thing even better.

While we feel uniquely called by God to help lead the church in North America to be most effective in discipling the next generation of men, we also believe you can help us understand unique contexts and challenges you face in ministry. Simply put, there is no human voice we would rather hear from than those on the front lines of ministry in the churches we seek to serve.

So here's your chance!

Please help us in our program and curriculum reVISION initiative by providing essential input on resources you need, and feedback on those CSB materials you are currently using.

Drop by www.csbrevision.com and click on the appropriate button on the right side of the page to participate in our Leaders, Pastors, or General surveys. It's OK if you don't have all the answers to the questions we're asking, but please respond to all you can, knowing you are helping us do an even better job of building godly men of today and tomorrow.

We look forward to hearing from you!

Partnering together for greater impact,

A handwritten signature in black ink that reads 'John Launstein'.
